

LEAPING BUNNY PROGRAM

Cosmetic, personal care and household product companies that comply with the Leaping Bunny Program's cruelty-free standard are listed in the *Compassionate Shopping Guide* and are able to use the internationally recognized Leaping Bunny Logo. The Leaping Bunny Program requires that no new animal testing is used in any phase of product development by the company, its laboratories or ingredient suppliers after a fixed cut-off date; and because of this rigid standard, this is the only list and logo that consumers can truly trust.

Formed in 1996, the Leaping Bunny Program is run by the Coalition for Consumer Information on Cosmetics (CCIC), and is comprised of these leading animal protection groups:

- ★ American Anti-Vivisection Society, Chair
- ★ Animal Alliance of Canada
- ★ Beauty Without Cruelty, USA
- ★ Doris Day Animal League
- ★ The Humane Society of Canada
- ★ The Humane Society of the United States
- ★ MSPCA Center for Laboratory Animal Welfare
- ★ National Anti-Vivisection Society
- ★ New England Anti-Vivisection Society

INTERNATIONAL PARTNER

- ★ European Coalition to End Animal Experiments

The companies listed have shown that they care about animals. You can show that you care by choosing to buy their products. All CCIC product lists are periodically updated. Please visit www.LeapingBunny.org for the most current information.

ADVANCING SCIENCE
WITHOUT HARMING ANIMALS

Founded in 1929, the National Anti-Vivisection Society is dedicated to ending the exploitation of animals used in science. NAVS promotes greater compassion, respect and justice for animals through educational and advocacy programs based on respected ethical, scientific and legal theory. Supported by extensive documentation of the cruelty and waste awareness about animal experimentation, to promote positive solutions that advance humane science, to support the development of alternatives to the use of animals, and in cooperation with like-minded individuals and groups, to effect changes which help to end the unnecessary suffering of animals.
